**ABOUT TRUE STANDARD  
DISTILLING**

Brian fell in love with rum in Costa Rica and chased that passion all the way to Kailua Kona, Hawaii, where he learned to distill from local sugarcane. Upon coming to Maryland, he met Ashley, his other true love and together they created True Standard Distilling.

They turned an old carriage shop/gas station/antique store into a home for world-class rum. Most of our spirits will age 5–15 years, but Dangerous Summer is for those who refuse to wait. We're a small, spirited team. If you're a rum enthusiast, we love having you here. Cheers!
